I would like to include my company as a Vendor or Sponsor in the Southeast Jeep Fest on February 2, 2008.

I understand:

- There is no electricity available
- Set-up is on a gravel surface
- There is no shade available (must use weights to anchor canopy poles)
- There will be many non-Jeepers at this event (regular Outdoor World customers)
- If I provide a raffle item for Sponsorship my fees can be reduced
- There is no security. Set-up and tear-down must be on the day of the show
- Basic 10x10 space is \$50. Each vehicle is considered a 10x10 space.
